AIR CONDITIONERS

ANTI-LEAK TECHNOLOGY: The first Leak-Proof* split AC in India with Anti-Leak Technology (Patent Applied), it offers a permanent solution to the challenge of leaky air conditioners dripping water inside the home.

5 IN 1 CONVERTIBLE TECHNOLOGY: This technology allows the user to control 5 level of selections basis the cooling and comfort requirement. Basis number of people in the room, the mode can be changed accordingly saving up to 70% power*. Now efficiency is at your finger-tips.

HEAVY DUTY COOLING WITH LOWER DERATING: Godrej Air Conditioners are tested for cooling performance at harsh summer temperatures. Our Air Conditioners are designed to offer superfast cooling with minimal derating, even at temperatures as high as 52°C.

WASHING MACHINES

CLEAN, DRY, GERM-FREE LAUNDRY

GERMSHIELD TECHNOLOGY (PATENT APPLIED[®]): Godrej Eon Washing Machine comes with tested and certified Germ Shield Technology that removes 99.99% allergens and bacteria from your clothes, with the help of a smart wash algorithm and inbuilt heater that heats water up to 60°C.

Eliminates

HOT WASH INBUILT HEATER: Heats water up to 60°C for a hygienic, germ & virus free wash

ECO-FRIENDLY TECHNOLOGY*: The Godrej Eon Front-load Washing Machine is enabled with eco-balanced technology that smartly detects the wash load and eco-mode that responsibly saves upto 44L of water, making them super sustainable.

DEEP FREEZERS

POWERFUL COOLING, ADVANCED TECHNOLOGY

PENTACOOL TECHNOLOGY: Godrej Edge Penta Deep Freezer comes with **5-side cooling coils**, including at the base, to provide uniform and faster freezing. The additional PUF insulation at the bottom provides higher cooling retention and a quick pull-down time.

D-COOL TECHNOLOGY: Unlike regular deep freezers, Godrej Deep Freezers come with **D-shaped cooling coils** instead of 'O' type cooling coils.

| More surface contact | Large heat exchange area | High refrigeration efficiency

CONVERTIBLE TECHNOLOGY: The entire range of Godrej Edge Penta Deep Freezers is convertible and offers a temperature range of -25°C to 8°C . This allows the storage of a variety of items such as frozen food, ice-creams, beverages and more, giving users the flexibility to use the machine as a **freezer or a cooler**.

FEATURES

AIRCOOLERS

LET'S MAKE SUMMERS A LITTLE ICY!

AC - WALA INVERTER TECHNOLOGY[#]: Our coolest feature in Godrej Air Coolers is the smart, copper-wired, microprocessor-enabled BLDC fan motor that provides up to 50% power saving* with its contact-less magnetic movement.

AUTOCOOL TECHNOLOGY: Dual sensors adjust fan speed and pump operation as per the ambient temperature delivering efficient operation and lesser power consumption.

QUICK CHILL TECHNOLOGY: The fan runs at maximum speed (turbo mode) for up to a duration of 1 hour before switching back to normal mode, enabling a quick drop in temperature, particularly useful when stepping in from the heat.

ANTI BACTERIAL TANK: 99.94% reduction in Bacteria & Fungus[&].

DISHWASHERS

THE BETTER WAY TO DO YOUR DISHES

STEAM WASH TECHNOLOGY: Uses high-temperature, direct steam application to remove sticky, greasy and stubborn food residue from utensils.

ANTI-GERM UV-ION TECHNOLOGY: UV Technology eliminates the bacteria and disinfects the dishes. Built-in ionizer removes odour using negative ions.

TURBO DRYING TECHNOLOGY: Activates a fan for powerful air circulation to draw out steam for a super-efficient drying performance.

SUITABLE FOR
INDIAN COOKING.
REMOVES MASALA
STAINS AND GREASE.

ECO MODE
WITH AS LITTLE AS
9L WATER USAGE.

SUITABLE FOR
LARGE INDIAN UTENSILS
USED IN THE INDIAN KITCHEN.
